Semester Two Wrap Up

A-Z

English

5S have worked hard this semester and have achieved some amazing results. Last term, we wrote a Book Submission based on the students favourite book.

This term we have analysed a variety of poems, recognising the figurative language and rhyming patterns. This allowed each student to plan and create a poem of their own, that they confidently presented to their peers. Students have also been working on improving their ability to write imaginatively.

Mathematics

Lots of topics have been covered this semester in Maths! We are continuing to look at the place value of numbers, as well as exploring how to use algorithms to help solve addition and subtraction problems. We have been experimenting with multiplying larger numbers using known multiplication facts. We have also used these known multiplication facts to solve division problems.

Geography and Science & Technology

5S enjoyed the Science Unit 'Material World'. Students engaged in a range of experiments to investigate the different properties of solids, liquids and gases. During Geography lessons, we investigated The Diverse and Connected World, looking at the features and characteristics of places and environments.

SRC and Class Captains

Our SRC representative, Moniroth, has represented us with pride and has been an outstanding member of the Fair Squad. Natasha has been a dedicated and diligent Class Captains. Thank you!

Semester 2 Snapshots

Attendance Matters

This year we have been encouraging everyone to come to school every day as long as they are feeling well.

Congratulations to Demel on his outstanding attendance this year.

Highlights from Semester 2

We have created so many memories in our last semester of Year 5. Our highlights include our visit to Fairfield Council and meeting our local mayor, Mr. Frank Carbone, Multicultural Day celebrations, Fair Day and Frankie Day.

Be proud of how much you have all grown this Semester. I am proud to have been your teacher and I will carry the memories we created and shared this year. Keep up the great work in 2024.

Ms Sassine.
